Making Seniors Smile in a BIG Way

Celebrating their 20 years of business in Waxahachie, Morgan Orthodontics is awarding Ellis County high school seniors with \$10,000 in scholarships, this spring.

Over 100 high school students from Ellis County and surrounding areas applied for the 2019 Morgan Orthodontics Scholarship. Applicants must have been a current high school senior and be enrolled in a college or university in the fall. After the application process was complete, 21 finalists were selected for an interview. After lots of deliberation and much thought, the Morgan Orthodontics Scholarship Committee made a decision to award 13 high school seniors with almost \$10,000 in scholarship funds.

This year’s recipients come from Italy High School, Midlothian Heritage High School, Red Oak High School, Waxahachie Global High School and Waxahachie High School. The scholarship committee knows these students have not only impacted our small communities but will continue to make a difference as they further their education.

A Note From Your Orthodontists -

Did you know that a water flosser, such as the WaterPik Aquarius Professional we have in office, can remove up to 99.9% of plaque and is clinically proven to be 50% more effective for improving gum health vs. string floss. A WaterPik is essential for braces and ideal for Invisalgn patients. Call our office at 972-938-1688 to find out more information about our water flossing system!

-Dr. Morgan & Dr. Trieu

Thank you to these great patients who referred a friend or left a review in early 2019!

Staff Spotlight: *Danielle T.*

Meet Danielle! Danielle is one of Morgan Orthodontics' Registered Dental Assistants and has been a member of the goMO team since November 2017. Her hard working attitude and positive perspective brings our team together with harmony. Danielle has worked in the dental field for almost five years.

In her free time, Danielle loves to be with her husband, David, son, Elijah and their sweet pup, Fluffy. Danielle loves hiking, traveling and spending time outdoors, going to concerts, planting flowers & feeding birds.

Next time you're in the office make sure to tell Danielle to keep up the great work!
