A NOTE FROM YOUR ORTHODONTISTS

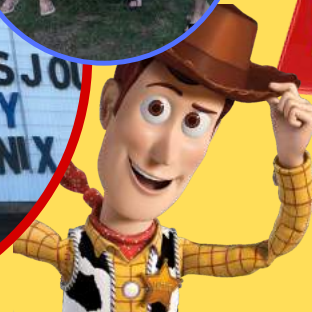

The American Association of Orthodontics recommends that children be seen at age 7 to monitor tooth eruption and jaw development-Dr. Trieu and I agree! Seven years old and up is the best time to bring your child to Morgan Orthodontics. You don't need a dental referral to be seen. Call today for your complimentary orthodontic exam.

If you've had an emergency arise and can't make your orthodontic appointment, don't sweat it! We are happy to reschedule your appointment to fit your schedule when you call our office 24 hours in advance.

Remember our office schedules appointments six to eight weeks in advanced. Keep in mind that if you miss an appointment, there is no guarantee we can see you right away but we will do everything we can do to see you as soon as possible.
